## About Huber

**Innovative equipment and machinery made of stainless steel for municipal and industrial water and wastewater treatment**

### **Competence in stainless steel - Leading in WWT**

Huber Technology provides state-of-the-art equipment for municipal and industrial water and wastewater treatment. Our main focus is liquid/solid separation in general and headworks equipment in particular. We offer a comprehensive line of stainless steel equipment.

The HUBER Group is successfully operating in the environmental engineering sector. With its more than 60 subsidiaries, representative offices and agents, the HUBER Group is among the worldwide leading suppliers in the field of wastewater/sludge treatment and process engineering. With more than 175 years of commitment to drinking water and wastewater treatment, HUBER has always been an innovator in this field with a continuous focus on the development of new solutions to conserve one of our most valuable resources: water.

HUBER invented and introduced the famous ROTAMAT® products and STEP SCREEN®s. With over 50,000 installations we have unmatched experience and expertise.
