Політика якості

It is the policy of HUBER to:

- Provide equipment, designs and services that meet the needs of the customer and any related statutory requirements or environmental considerations.
- Exceed the expectations of the customer with the quality of our products and customer service

The objectives of this policy are partly achieved through the implementation of a Quality Assurance System that meets the needs of National and International quality systems requirements.

We want best performance

In 1996 already, HUBER SE decided to implement a certified quality management system according to the international **EN ISO 9001** standards.

Since when the quality management system was implemented, HUBER has continuously worked on improving internal processes. Annual audits by external specialist ensure that any weak points in the QM system are corrected quickly and effectively.

The ISO 9001 certification proves that quality determines our thinking and actions in every single subprocess. We consider quality management our driving force to increase our performance, a performance our customers expect from us and we aim to improve continuously.

You are welcome to learn more about our commitment, efforts and achievements in our detailed [📄 Quality Statement \(pdf download\)](#).

CERTIFICATE

This is to certify that

Huber SE

Industriepark Emsdacht-Alf
82204 Berching

has implemented and maintains a **Quality Management System**
